

JD

# JOHN DOE JR.

ELECTRICAL ENGINEER | JOHN.D@GMAIL.COM

## GOAL

Applying my acquired knowledge and experience in 'Electricity' to work in an Electric company's power plant.

## RELATIVE SKILLS

Good at Team Work, adaptable, organized, motivated, goal oriented, knowledge sharing and solving problems.

## EXPERIENCE

FIELD MAINTENANCE ENGINEER • ARAVA CENTRAL POWER & LIGHT BEER SHEVA • 2019 TO 2021

Working with the maintenance crew updating and replacing old power supplies with more power efficient ones.

LAB ASSISTANT. BROOKLYN COLLEGE, NY. 2017 to 2018  
During my college year worked part time as a lab assistant in 'Brooklyn College Electricity Lab'.

My job duties were to plan and create closed circuit schematics and designing functional and experimental board units.

## EDUCATION

BS in electronics (Integrated circuits and solid state devices)

SEPTEMBER 2018 • BROOKLYN COLLEGE, BROOKLYN NEW YORK
